# ACCELEPREP FOR THE SAT<sup>®</sup> TEST PROGRESS REPORTS

The progress reports on the following pages are designed to help you monitor your progress throughout your AccelePrep course. Complete the assigned chapters by the due date given by your instructor. Check your answers using the answer key in the Appendix of the AccelePrep book\*, and record both the number and percentage of items answered correctly on the *student copies* of the progress reports. Identify the date on which you completed each section. List the numbers of any items that you would like your instructor to review in class. Then, transfer this information to the corresponding *instructor copies* of the reports and give them to your instructor. Be sure to leave the last three columns of the *instructor copies* blank; these are for your instructor's use in evaluating your progress.

\*Consult with your instructor to determine whether you will use the Appendix to complete the AccelePrep Progress Reports.
